## SKIN TREATMENTS

Infusion Facial 240

Clear & Brilliant 440

Gentle yet highly effective laser treatment, clinically proven to fight the effects of ageing skin. This gentle laser increases collagen production & hydration, reduces pigmentation, tightens pores, and improves overall skin health with virtually no down time.

Skin Peels 100

Clear away old skin and stimulate the regeneration of clearer, smoother and more even skin. Peels embrace the power of naturally derived acids and we tailor each peel to suit your skin type, concerns and needs.

Micro | Hydra Dermabrasion 135 | 175

Microdermabrasion is an effective treatment for skin rejuvenation that abrades the outmost layer of the skin, promotes cellular renewal with the added benefit of skin polishing and hydration. Team this treatment with a Hydra-brasion treatment which will give your skin additional radiance and smoothness with no downtime.

Dermal Glow Facial 350

Our signature facial for the ultimate skin glow includes a double cleanse, 2 masks tailored to your skin needs, our YAG laser treatment and an LED healite treatment using our premium Dr Tass skin care range. Great pre-event to bring out your best skin.

## SKIN TREATMENTS

### Laser Genesis

280

The Laser Genesis treatment uses a Nd: YAG 1064nm wavelength to treat the dermis - middle layer of our skin. The laser penetrates the top layer of the skin and delivers thousands of micro-pulses of light into the dermis without wounding our skin. These micro-pulses heat up the dermis and subsequently this warming action causes blood vessels to shrink and in turn reduces redness, breaks down scar tissue and stimulates collagen.

### Rosacea Treatment

390

Laser treatment targeted to alleviate Rosacea and redness. Minimum 4-6 treatments required, 4-6 weeks apart.

### Poikiloderma Treatment

300

Laser treatment targeted to alleviate reddish brown spots that are common on neck & cheeks. Minimum 4-6 treatments required, 4-6 weeks apart.

### Pigmentation Removal

120 - 250

From red brown dyschromia to cherry angiomas, and more - our certified dermal therapists will develop a treatment plan for your pigmentation removal.

### LED Healite Therapy

70

LED Healite harnesses the healing power of LED light for total skin rejuvenation and repair. By sending gentle energy into the skin tissue, light therapy works on a cellular level to improve acne, stimulate collagen production, reduce redness and rosacea, speed up healing, reduce inflammation and more.

## INJECTABLES & FACE SERVICES

### Dermal Fillers

390-980 PER ML

To lift, contour, and add volume to all areas of the face including lips, cheeks, chin, temple, jaw and hands. Our experienced injectors are highly regarded in the field of cosmetic medicine. Each appointment begins with a full consultation, explaining the treatment and what to expect, show before and afters of other patients with similar areas of concern and results, then provide a quote and ensure you are comfortable through the entire process and treatment.

### Anti-wrinkle

13.90 PER UNIT

Injectable treatment that relaxes and lifts muscle, softening the look of fine lines and wrinkles, resulting in a tighter, smoother appearance. It can also be used to alleviate teeth grinding, excessive sweating and severe shoulder tension.

### Bio-remodelling

980

Treatment involves ultra-pure hyaluronic acid injection that stimulates/improves collagen and elastin and therefore firmness of the skin, by attracting water in the deeper layers of the skin. This stimulation results in significant tissue improvement ultimately providing a tightening / lifting effect on the tissue / skin.

## INJECTABLES & FACE SERVICES

### Fat Dissolving

FROM 1250-2250

When stubborn fat just won't go away with diet and exercise alone, our fat dissolving injections can help eliminate unwanted fat in those problem areas. Fat cell membranes are destroyed when injected with this treatment allowing the fat within the cell to be released and then naturally eliminated by the body. Most typically, under the chin is the area that we treat and results are permanent. Minimum 2 treatments needed 8-12 weeks apart

### Thread Lifts

FROM 1000-3850

Threads are a safe, effective treatment that involves using a dissolvable suture to lift sagging skin and features, giving the face or neck a lifted and more contoured appearance. Results last 12-18 months.
